Review Policy

The IFIASA Proceedings follows a systematic review and publication policy.

The practice of peer review is to ensure that good paper is published. It is an objective process at the heart of good scholarly publishing and is carried out on all reputable scientific journals. Our referees therefore play a vital role in maintaining the high standards of IFIASA.

Special issues and/or conference proceedings may have different peer review procedures involving, for example, Guest Editors, conference organisers or scientific committees. Authors contributing to these projects may receive full details of the peer review process on request from the editorial office.

IFIASA Proceedings operates a double-blind peer review process.

To facilitate this process, authors are requested to ensure that all references to their own previously published work are impersonal.

Reviewers are selected by the editor in chief, after consultations with the members of the editorial board.

The editors will send authors a delivery receipt when manuscripts are received. Please note that the peer-review process might take, in some cases, 1 to 2 months. Authors will be notified of acceptance for publication as soon as reviewers answers are received.

Accepted articles are usually published in the forthcoming issue of the journal.

If the reviewers opinions are significantly divergent, a third reviewer will be asked to read the manuscript. Authors might be required to revise the manuscript according to the recommendations of the reviewers.

Revised manuscripts should be accompanied by a point-by-point reply to the recommendations of reviewers, specifying the changes made in the revised version or the reasons why authors decided to reject reviewers recommendation(s).

Copyright Information

IFIASA allows open access to articles to be published under the terms of the Creative Commons Attribution Non-Commercial License. This license ensures that authorship is properly and fully attributed to his author and that IFIASA is recognized as the original place of publication.

Open Access

Articles published in the IFIASA Proceedings will be distributed under the terms and conditions of the Author's Contract.

IFIASA provides immediate open access to its content on the principle that making research freely available to the public supports a greater global exchange of knowledge, meaning:

1. everyone has free and unlimited access to the full-text of articles published in IFIASA Proceedings ;
2. papers are immediately released in open access format
3. Most often Open Access publication is supported by authors' by payment of a comparatively low for accepted articles.

Privacy Statement

The names and email addresses entered in this journal site will be used exclusively for the stated purposes of this journal and will not be made available for any other purpose or to any other party.

If the evaluation on the article is positive, for publication in the MCDSARE, Authors will support this so:

Print & Open access fees: 120.00 (EUR)

In order to provide open access, our journal uses a business model to offset expenses, by charging an open access fee to the authors, institutions or funders for each article published. These fees include those of the journal's production, online hosting and archiving.

The ability of authors to pay the open access fee does NOT influence the peer review process. No fee can be paid prior to the final positive decision of the reviewers and the editor in charge, regarding the article proposed to be evaluated in order to be published.

Exceptionally, authors from developing countries may propose a grant application to the administrative board, for partially covering this open access fee. Depending upon each particular case, the fee can be covered by the IFIASA Association, the governing body of our journals.

1. As a participant registered with paper(s); fee is 110 Euro for each paper, + 10 Euro for print paper and courier tax; second paper will receive also 15% discount. Other discounts are offered for former participants and best paper.

2. (30%) fee back as a reviewer, with a CV that pointed you as specialist in one of the domains mentioned in our aim (<http://ifiasa.org/MCDSARE-JOURNAL/>);

3. The best paper will be awarded half (40%) fee back.

4. The IFIASA conference accepts original, previously unpublished works. An author can only receive one publication grant per year. If you do not have funds to pay such fees, you will have an opportunity to waive each fee. We do not want fees to prevent the publication of worthy work.

Important notes:

An author can register with maximum two papers regardless if he/she is lead author or co-author.

Instructions for the payment will be sent to your email address immediately after your paper is accepted.

An author can only receive one publication grant per year.

Plagiarism Policy

The editorial board is very strict regarding plagiarism. The IFIASA believes that taking the ideas and work of others without giving them credit is unfair and dishonest. The editorial board retains the absolute authority to reject the review process of a submitted manuscript if it is suspect at plagiarism or subject to plagiarism.
