6th IFIASA International Multidisciplinary Scientific Conference on the Dialogue between Sciences & Arts, Religion & Education MCDSARE 2021

THE LIMITS OF SCIENCE AND HUMAN KNOWLEDGE

Presentations GUIDELINES-ONLINE- Conference |

Plenary presentations | (only in real time- 1 paper presented at the session)

Plenary sessions will be dedicated to the specific areas of the Congress, in accordance with the main topics of the Congress. A plenary session is one which all the registered participants are to attend. A plenary speaker is a facilitator with authority in his area of expertise, which aims to stimulate the auditory to discussion on a specific chosen topic.

A plenary speaker is expected to be at least PhD. The speech should be of about 20 minutes and be focused on an original contribution to knowledge, that is both significant and rigorous. A plenary presentation should be sole authored. The proposal of a plenary speech should contain the following information in the abstract & registration template: Title of the speech; Authorship (full affiliation and contact); The conference theme in which the lecture should be included; Abstract (max 250 words); Biodata (short professional description of the speaker); CV + list of works/ previous presentations/lectures in its field of expertise.

Lecturer/s | (- 1 paper presented at the session)

Presentations should consist in speech of a specific topic of the Congress. A proposed lecture could be only sole authored. The speech should be of about 10 minutes and be focused on an original contribution to knowledge, that is both significant and rigorous. Paper presented virtually - as oral or poster presentation. Video-presentations consist of individual presentations which will be grouped under one of the Congress themes. These will take place during regular sessions.

All registered participants with plenary and oral presentations, lectures are kindly invited to send the video recording of their VIRTUAL PRESENTATION in order for their participation to be validated.

Association

Virtual Lecturer /presenter/ Publisher | (- 1 paper presented at the annual conference)

The virtual presentation opens doors for the presentation and publication of your paper without physically attending the conference. Similar to regular presentations, all accepted papers will be published in the Conference Proceeding with DOI and ISBN numbers. Virtual presenters will also be awarded a Certificate and their papers will be considered for publication opportunities in various indexed journals. If you wish to attend as a Virtual presenter, you need to first submit your Abstract/Full via the online submission form. It will be evaluated by the Conference Scientific Committee. After receiving your paper Review Result, you need to register and pay the registration fee.

Virtual Session: Those who are unable to make the presentation in virtual sessions through ONLINE are kindly asked to transfer their work to the poster presentation sessions, and follow the poster presentation instructions.

Recordings of the plenary, oral & lectures presentations | video materials

All registered participants with plenary, oral, workshop & lectures presentations are kindly invited to send their video recording, of their VIRTUAL PRESENTATION in order for their participation to be validated. The video presentation of the paper is needed in order to consider the final paper eligible for evaluation for possible publication after peer-review. This video will be made available, for global audience, on the Youtube Channel IFIASA, the official YouTube Chanel of the Congress.

Workshops | (-1 paper for each participant at the annual conference)

Workshops are associated events organized by research or educational institutions in one particular area of the MCDSARE Conference, starting from the presented papers, breakout sessions built around a specific thematic, with a greater level of audience interaction and sharing. A Workshop should be constituted from at least 1 chair (who can also be speaker) and 4 participants. Based on presented papers on the workshop topic, there are generated discussions, engaging both the presenters and the audience. An workshop emphasizes joint exploration of ideas and concepts relevant to the knowledge development of the discussed topic. We encourage auditors to participate to discussions, even they are not registered with papers. The participation as auditor will be certified with certificate of participation. These will take place during online workshop sessions.
